

UPDATE INFORMATION FOR  
**HASTINGS CUTOFF & PACK TRAILS DRIVING GUIDE**

Second Edition - 2015

PAGE 34

It is recommended that you bypass Marker HN-5.

A mining operation is currently going on at or near the marker and access is restricted.

Use the following How to Find information to travel from Marker HN-4 to Marker HN-6/PT-5A,

From Marker HN-4, continue 7.1 miles south on the gravel road to the site of Shafter and a road on the right.

Turn right. Go 0.1 mile to a road on the left.

Bear left. Go 1.4 miles to a road on the left.

Continue straight ahead. Go 4.8 miles to a 4 way intersection and Marker HN-6/PT-5A

Use the driving instructions on Page 39 to continue your trip.

PAGE 45--

After How To Find, add the following:

There are 2 routes to Marker HN-11, Route 1-The Indirect Route-and Route 2-The Direct Route.

**Route 1- The Indirect Route**

From Marker HN-10, return a short distance to the road junction.

Turn left. Go 6.0 miles north to Marker PT-8 on the right.

From Marker PT-8, continue 0.7 mile northwest to a dirt road on the left.

Turn left. Go 4.6 miles southerly to a 4 way road intersection and Marker HN-11 on the right.

## **Route 2- The Direct Route-**

### **4-Wheel Drive Vehicle is recommended.**

From Marker HN-10, continue 5.7 miles west on the dirt road to a 4 way intersection.

Continue straight ahead across the intersection to the marker on the right.

## **PAGE 47**

After How To Find, add:

**IF THE SOIL IS WET, DO NOT DRIVE WEST ON THE DIRT ROAD TO MARKER HN-12. From Marker HN-11, drive north to Tobar and on to Hwy 93. Follow Hwy 93 south to Marker HN-12**

At the end of the fourth paragraph, there is a typo error. The correct page number is 114.

## **PAGE 51**

At the end of the fifth paragraph, there is a typo error. The correct page number is 119.
