

Update for

A Guide to The Lassen Trail and Burnett Cutoff 2015

On page 23, marker L-4. Delete the 4th paragraph (first on this page) and replace it with the following:

“Go 3.5 miles to the paved driveway with a large gate on the left. Make a 180° turn in the driveway. Go back down the road 150 feet to the marker on the right, next to the fence.”

Note: The marker was moved a short distance to get it close to the fence so it could be read from the road.

The new coordinates are:

LAT/LON: 41° 29.545N, 120° 29.499W
